## CULTURAL EXCHANGE, UNIQUENESS, COMPETENCE, EDUCATIVE EXPERIENCE, INTERNATIONALITY, FUTURE VISION, INVESTMENT, POTENTIAL, AND PERSPECTIVE

**MORE THAN LEATHER AND FEATHER** is the theme of the North America Native Film Festival 2023. Bold, courageous and progressive indigenous artists shine a light on their traditions, play with traditional materials and connect them with new techniques.

The festival celebrates the native cultures of North America – far removed from Hollywood stereotypes – with more than 50 impressive films of various genres, as well as with music, dance, discussions and prominent guests.

Fashion – just like film – expresses vitality, beauty and diversity, which is evident from the powerful photographs of the Southwestern Association for Indian Arts (SWAIA) Fashion Show being on exhibition at the German-American Institute (d.a.i.) Tübingen. Indigenous designers say: we use fashion as an expression of our history, our pride, and our power of resistance.

**PATRONS:** UNICEF Stuttgart, American Indian Film Institute and Festival San Francisco (AIFI/AIFF), Dreamspeakers Filmfestival Edmonton.

**CO-OPERATION PARTNERS:** vhs Stuttgart im Treffpunkt Rotebühlplatz, Linden-Museum Stuttgart, Deutsch-Amerikanisches Zentrum Stuttgart (DAZ), d.a.i. Tübingen; Women in Film and Television Germany (WIFT), Institute of American Indian Arts Santa Fé (IAIA); Universities: Bremen, Konstanz, Tübingen.
